NO MORE SECOND-RATERS

England Wants Only Best of American Fighters, and Others Will Be Barred.

Chicago, Oct. 2.—Only American fighters of the first class are to be given any of the plums in the English pugilistic calendar in the future. Determined opposition to the former scheme of granting every Tom, Dick and Harry a chance to earn what the Britons think are pretty fair purses has caused the change.

There has been no edit issued by England's premier fighting organization, the National Sporting club, but the facts are brought out in a letter to this country from one of the men closest to the management of that famous body. In it he says that patrons of the game there are opposed to seeing fighters pushed aside by the Americans, although there has been no great complaint at seeing such men as Jack Johnson, Sam Langford, Jack O'Brien and Tommy Burns thrown into the ring with the best that the Britons can scurry to the support of the flag.

The National Sporting club has just issued its prospectus for the first month of its winter season, and the list of matches in sight does not contain a single name of an American fighter of any class, though there are plenty of them over there. The club is to hold bouts every Monday night during the month of October, the first of which is set for Oct. 4, the main attraction being between Ted Nelson, originally from Australia, and Charley Allen, who are to go fifteen rounds for a purse of \$1,500. On the 11th there will be a main event between Jack Fox and Johnny Hughes, and on Oct. 18 the event will be one of international importance, the competitors being Freddie Welsh and Johnny Summers, who are to clash in a twenty-round affair for the lightweight championship of England, the first time it really has been fought for in some time.

Lord Lonsdale, one of England's most prominent sportsmen, has offered a magnificent championship belt for this struggle.

Peggy Bettinson, manager of the club, has come out in an interview in which he states he does not actually bar American fighters from the club, but wants it understood among them be-

KLING IS CHAMPION.
Kansas City, Oct. 2.—John Kling, the well-known baseball catcher, tonight won the pool championship of the world from Charles (Cowboy) Weston of Pittsburgh, Pa., the final score being 500 to 785.
Kling ran only 198 balls tonight, while Weston pocketed 209, but the ball player had a lead of twenty-two at the beginning of tonight's play and won by eleven balls.

STARS ENLIST TO BREAK BILLIARD COMBINATION

New York, Oct. 2.—The nucleus of a national organization to revive interest in amateur and professional billiards has been formed by many of the leading billiard players, roomkeepers and managers of the country at an informal dinner at the Waldorf-Astoria.

It was also announced that the roomkeepers had decided to hold a world's championship tournament at 18.2 balking in the concert hall at Madison Square Garden, beginning Nov. 22. This is for the title which Ora Morningstar defaulted this summer. Prize money to the amount of \$10,000 is already assured, the largest amount for the billiard championship in this country since 1881. Already William Hoppe, Calvin Demarest, Albert Cutter, George E. Slosson, George Sutton and possibly two French players of note will compete, so that two weeks will be devoted to the matches.

PLAYERS AND DATES FOR WORLD'S BASEBALL SERIES

Cincinnati, Oct. 2.—Complete arrangements were made here today by the national baseball commission for the world's series, which will be played at Detroit and Pittsburgh. The schedule for the games is as follows:

Pittsburgh vs. Detroit—Friday, Oct. 8, at Pittsburgh; Saturday, Oct. 9, at Pittsburgh; Monday, Oct. 11, at Detroit; Tuesday, Oct. 12, at Detroit; Wednesday, Oct. 13, at Pittsburgh; Thursday, Oct. 14, at Detroit.

The following players will be eligible to participate:
Pittsburgh National League Club—Abbatichio, Abstein, Adams, Brandon, Byrne, Camnitz, Clarke, Frock, Gibson, Hyatt, Leach, Leever, Leiffield, Maddox, Miller, Moore, O'Connor, Philippe, Powell, Orman, Wagner, Willis and Wilson.
Detroit American League Club—Beckendorf, Bush, Crawford, Cobb, Delehan, Donovan, Jennings, Thomas Jones, David Jones, Killian, McIntyre, Moriarty, Mullin, O'Leary, Stange, Schmidt, Speer, Summers, Willetts and Works.

TIGERS ARE WELCOMED.

Detroit, Oct. 2.—The homecoming this afternoon of the victorious Detroit baseball team, winners of the American league pennant for the third time, was seized upon by the baseball enthusiasts of the city as an opportunity to tender the Detroit and Chicago clubs a public ovation.

Chicago shared in the tribute, for it was the defeat of the Philadelphia club that decided the pennant race in favor of Detroit.
By order of the common council, an elaborate program of reception was arranged by C. A. Nichols, the city clerk. Automobiles met the two clubs as they left the station at the station, and headed by a band of music, the players were men on foot, behind, the players were escorted to the park, where the last local game in the American league season was to be played.
Large floral pieces were presented to both teams.

RYAN ENTERS PROTEST TO CHARGES AGAINST HIM

Billy Ryan, well known in local sporting circles, makes the following denial of the charges of signaling race results entered against him by the Utah Jockey club:

"In reply to the article published in The Herald-Republican yesterday, I beg to state that Thursday afternoon Manager W. W. Timm of the Utah Jockey club asked me to stay away from the race track. When I asked him the reason I was told that I was making signals to some friends on the outside of the track. I was much surprised and asked in what manner and was told that I had taken off my hat, fixed my tie and put my hands in my pockets.
"Yes, it is true that I took off my hat, fixed my tie and put my hands in my pockets, but I did not think the race track officials were opposed to such actions.
"So far as my knowing that there were any friends or persons on the outside waiting for signals from me or anybody else, it is all rot and a falsehood. I would not have been so stupid as to do and to see any attempt to prove the assertions. (Signed) BILLY RYAN."

PAPA STAGG IS STILL VERY MUCH IN THE GAME

Marshall Field, Chicago, Oct. 2.—The Chicago Cubs, who were defeated in the first game of the season by the defeat of Purdue by the score of 40 to 0 at Marshall field today, was simply swept off its feet by the speed and brilliancy of the Chicago attacks.
The score at the end of the first half was 23 to 0, and 17 more points were added to the Chicago total in the second half. Stagg's team, as usual, employed new football when Purdue least expected it. A brilliant repertoire of forward passes, on side kicks and unexpected returned punts played havoc with the heavy but slow defense of Purdue.

PENNSY HAS HARD TIME TO WIN FROM DICKINSON

Philadelphia, Oct. 2.—Pennsylvania met her hardest foe of the present season this afternoon in the Dickinson college eleven, but won by the score of 18 to 0. The visitors, whose captain and quarterback was Frank Mount Pleasant, the former Carlisle Indian star, put up an unusually strong game in the first half and held the local eleven to a six-nothing score.

Dickinson put up a very strong defense and in the second half held Pennsylvania twice for downs, when a touchdown seemed certain.

PRICES FOR FIGHT.

San Francisco, Oct. 2.—Prices for the Johnson-Ketchel fight have been fixed at \$2 for the first seats, \$3 and \$5 for the reserved seats, and \$10 each for the box chairs. It has been ordered the custom in championship fights to grade the price from \$2 down, but there has been a cut in the present case.

Two 20-2 ten-pound preliminaries have been arranged for the heavyweight fight. Antoine La Grave is to meet Roscoe Taylor, and Jeff Perry will fight Frankie Smith. The winner of the La Grave-Taylor fight has been promised a match with young Tommy McCarthy.

SHOT DUCKS AT NIGHT.

Four hunters, who either did not know the law regarding the hours when ducks can be killed or thought no deputy game warden was near, were arrested early Friday morning by Sam Wright, deputy warden, and yesterday charges were filed against them of shooting at night. The four were A. F. Burrows, John Walker, D. Vickers and M. B. Willis. They will be tried before Justice of the Peace F. M. Bishop.

FORWARD PASS FOR HARVARD.

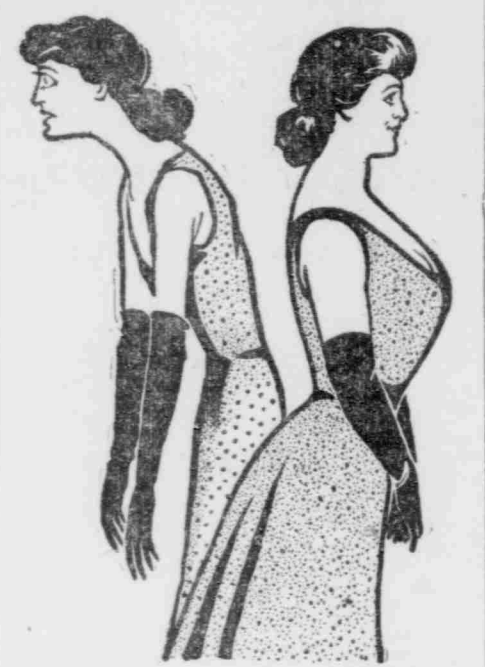

Cambridge, Mass., Oct. 2.—The successful use of the forward pass and the end runs of Corbett gave interest to today's game at the stadium, in which Harvard defeated Bowdoin 17 to 0. During the first half, Harvard gained almost at will. In the second half Harvard used many substitutes and scored the third touchdown by clever use of the forward pass. The Crimson line was impregnable, and Bowdoin got first down on punches but once.

"By George, I never saw anything like the effects of that new treatment, Protone, for the building up of weight and lost nerve force. It acted more like a miracle than a medicine," said a well known gentleman yesterday in speaking of the revolution that had taken place in his condition. "I began to think that there was nothing on earth that could make me feel tried, tired, nervous, heavy eating, diets, milk, beer and almost everything else you

could think of, but without result. I had been thin for years, and began to think it was natural for me to be that way. Finally I read about the remarkable processes brought about by the use of Protone, so I decided to try it myself. Well, when I look at myself in the mirror now, I think it is somebody else. I have put on just thirty pounds during the last month and never felt stronger or more 'nervy' in my life."

Protone is a powerful inducer of nutrition, increases cell-growth, makes perfect the assimilation of food, increases the number of blood-corpuscles, and as a necessary result builds up muscles and solid, healthy flesh, and rounds out the figure.
For women who can never appear stylish in anything they wear because of their thinness, this remarkable treatment may prove a revelation. It is a beauty maker as well as a form builder and nerve strengthener.

It will cost you nothing to prove the remarkable effects of this treatment. It is absolutely non-injurious to the most delicate system. The Protone Company, 176 Protone Bldg., Detroit, Mich., will send to anyone who sends name and address a free 50c package of Protone, with full instructions, to prove that it does the work. They will also send you their book on "Why You Are Thin," free of charge, giving facts which will probably astonish you. Send coupon below today, with your name and address.

Keep The Blood Pure

And the Skin Will Be Free From Boils, Pimples, Blackheads and Other Eruptions.

The skin is the largest, and in many respects the most important excretory organ of the body, and upon a proper performance of its functions depends to a great extent the health and well-being of the individual. It furnishes the means of excreting a large proportion of the fluids of the body, and is the chief means of maintaining animal heat at a given point.

The average person in health gives off through the pores of the skin, ordinarily, between two and three pints of fluid daily, in the form of perspiration, which almost immediately evaporates, this quantity being almost equal to the amount of fluid excreted by the kidneys.
There are millions of pores or perspiration glands in the skin, and as long as they are kept open and active, and the blood remains pure, there will be no trouble from skin diseases; but when the blood is filled with impurities, and the pores become clogged, the result is that such morbid manifestations as pimples, carbuncles, blackheads, boils, etc., are the natural consequences.

When animals, such as horses and cows, were completely covered with an impenetrable coating, as of varnishing the surface of their bodies for the purpose of temporarily changing their color, death invariably took place in a short time; and the story has long been current among physiologists and dermatologists that a child who was covered with gold paint or gold leaf, in order to represent an angel at the coronation of Pope Leo X, died a few hours after the coating had been applied.

In the treatment of diseases of the skin which are dependent upon a depraved or morbid condition of the blood, calcium sulphide has been found to be the most powerful and effective remedy. It purifies the blood, and is the only cure for blotchy skin, and scaly, crusty, itching scalp, and also in scrofula, eczema, ringworm, tetter, milk-crust, birth-moors, rashes and various other skin eruptions. Stuart's Calcium Wafers, the most powerful blood purifiers and skin healers known to science, are singularly and peculiarly effective. These wonderful little wafers contain calcium sulphide in a highly concentrated form, and when taken into the system they drive every atom of impurity from the blood—not through the pores—but through the kidneys and intestines.

Stuart's Calcium Wafers thoroughly cleanse, purify, rebuild and renovate the blood, with the result that the skin irritation and inflammation and other manifestations of a clogged condition of the pores are entirely cured in a remarkably short time. Purchase a box of these powerful purifiers from your druggist at once for 50 cents and send us your name and address for free trial treatment. Address, P. A.
